

S.E.S

I am a teacher at Waitiki primary school. Following the storms on the weekend we discussed the many people in the community who help others - 'unsung heroes'.

Although we were all lucky enough to not "need your services" (meant in a positive way!) we are aware of the services you provide, conditions you work in & sense of community.

During our writing some chn wanted to write to thank you for your services to the community.

Gillian Alehrey

Year 7 teacher
